**Escape from the drama and travel to realms Deep in the Black Forest with Prince Dustin and Clara**

**DALLAS - illiNews --** No matter where you live in the world, you and your family have been impacted, and your lives disrupted in 2020. Schools have closed, then opened and now operate somewhere in-between. Vacations have been planned, rescheduled, then finally canceled. Life was spinning so fast families could barely keep up. And nobody knows what the holidays will look like. Escape from the drama!

At Fossil Mountain Publishing, we believe that a good book can be an escape, *or vacation*, from the here and now. A great story transports a person to a different time or place. Even children could benefit by escaping to a land far, far away. What child wouldn't want to teleport or travel through time? Jacqueline Kennedy Onassis once said, "There are many little ways to enlarge your child's world. Love of books is the best of all."

The book is an exciting retelling of *The Nutcracker*. In the second book, *Prince Dustin and Clara: Secrets of the Black Forest*, the stakes are higher. Books One and Two are currently available at booksellers everywhere. The final book in the series will be released in 2021.

#### REVIEW:

"... *Prince Dustin and Clara: Secrets of the Black Forest #2* ... The Nutcracker with renewed life. It is given new life up with secrets, monsters and creatures, dark wizards, and the strangest forest in the world; tied with unexpected twists and turns of a magical bow; and turned into an epic fantasy of bigger and better proportions...." --Kids Lit Review
